

It's scent!

Every **scent** tells a story
Nostalgic tales of the times gone by,
dreamy whispers of the days to come

Every **scent** cradles a feeling
Tender folds of passion,
delicate gestures of compassion

Every **scent** plays a symphony
Refined notes of a fresh bouquet,
an ode to a lonely flower

Behind every **Scentiment** there is
Karnataka Aromas

From the Chairman's Desk

From a humble beginning as a trading firm with one employee in a compact space in 1974, we have come a long way to realize the dream of creating the Marlecha world.

Over the past 45 years we have had many proud achievements; we are the most trusted partners for the world's finest aromatic and chemical companies, we are India's most trusted trading companies... the achievements have been continuous and hard earned.

We, at Marlecha strongly believe that the spirit of success is shared. It is with this belief that we do our little bit for charitable institutions and are passionately committed to green initiatives.

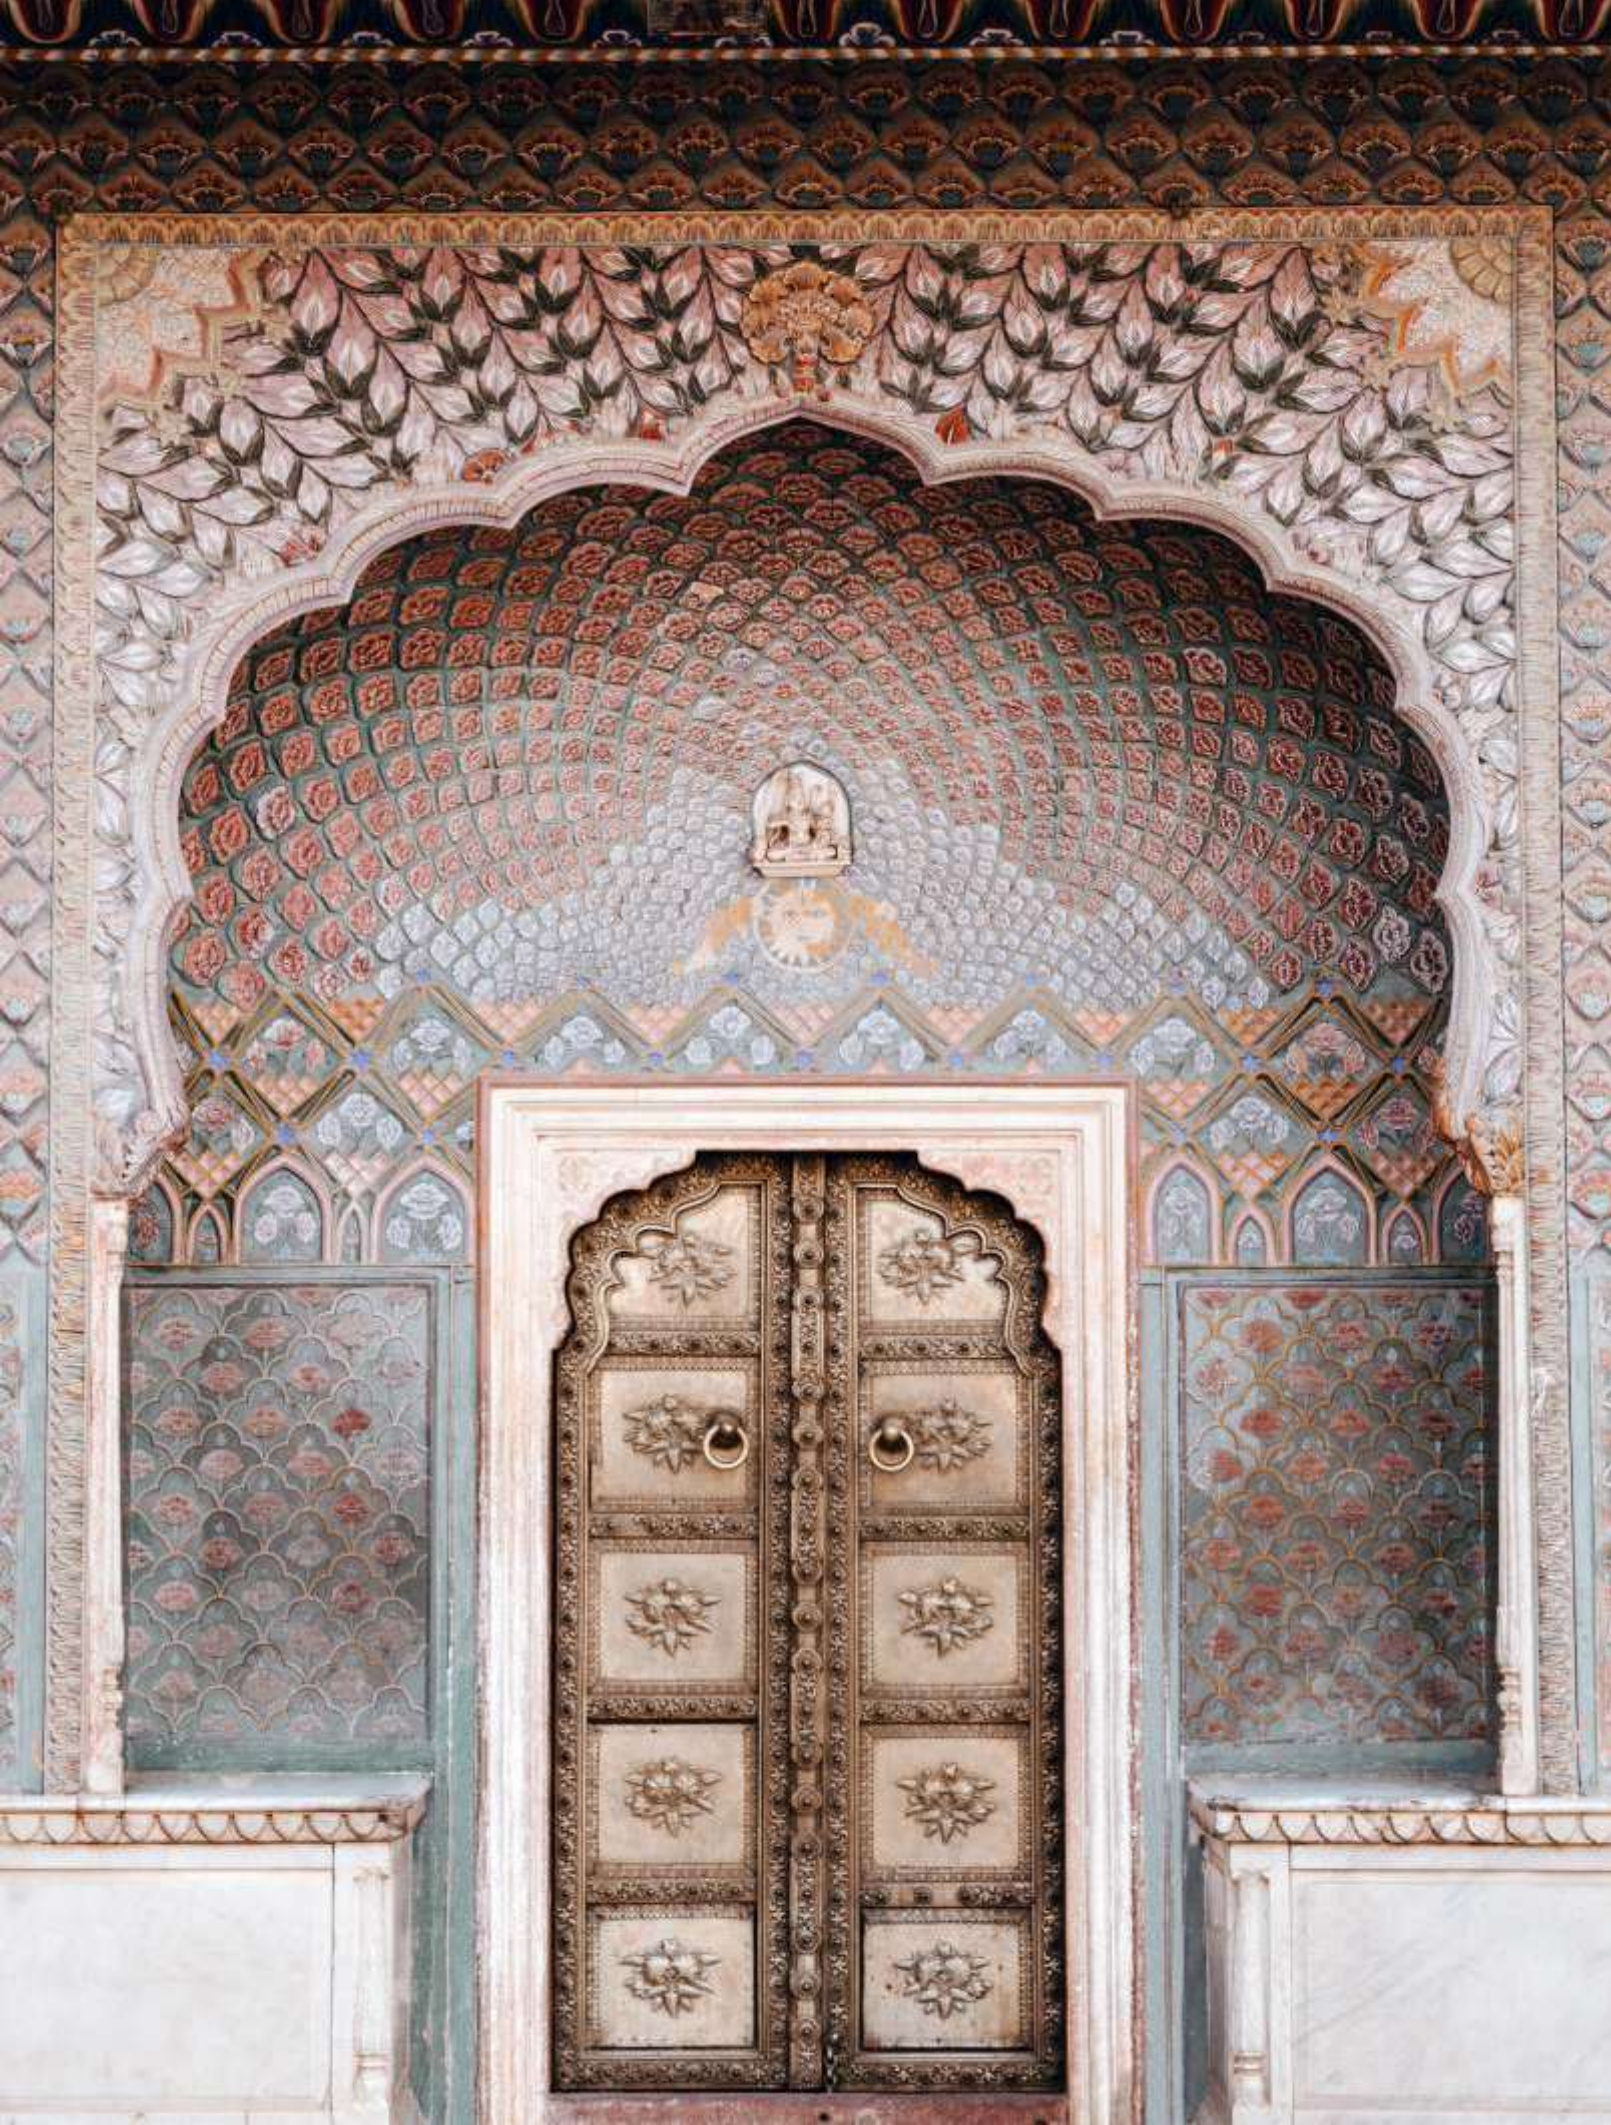

I, on behalf of Marlecha world, thank our past, present and future partners and customers; together we can achieve greater things in the years to come.

K Sampath Raj Marlecha

Chairman - Marlecha Group
Executive committee member of -
'Federation of Karnataka Chambers of Commerce & Industry'
Former President 'Karnataka Dyes and Chemical Merchants Association'

Marlecha Venture

In the year 1974, the corner stone was set for an ambitious undertaking – MARLECHA! The wings for this little venture with big dreams were built by its founder, the prolific, Mr. Sampath Raj. He dedicated his entire being; his time, energy and resources, to ensure Marlecha grew steadily but surely. It is his commitment to his endeavour that the company has now diversified into trading Aromatics, Solvents, Rubber, Polymers, Pharma, Metal and Finance.

Marlecha's core strength has been its human resources, and the company acknowledges that strength every step of the way. Our motto is to aspire beyond the limits, because we know we have the collective ability to attain anything we set our minds to!

Aspire. Attain.

Karnataka Aromas

NaScent: Karnataka Aromas embarked on a journey of a chemical trading company in the year 1999.

AScent: Over the past decades Karnataka Aromas grew from a small trading company of one employee to a global trading company nurturing over 25 employees

PreScent: We have set up our base in the 'Silicon Valley of India' at the heart of Bengaluru city.

One Hundred PerScent Quality: Over the years we have mutated from a small company to a massive global enterprise spreading our wings across the world but our quality is imbibed in our genes which is unchanged. Quality and reliability are the pillars on which Karnataka Aromas has soared to great heights.

A Scents of Achievement: Our consistency, drive, enthusiasm, innovation and integrity have acquired goodwill and a high-standing reputation among our customers and peers. We are proud of this lineage and an unyielding search for quality.
