# Step into the realm of aromas.

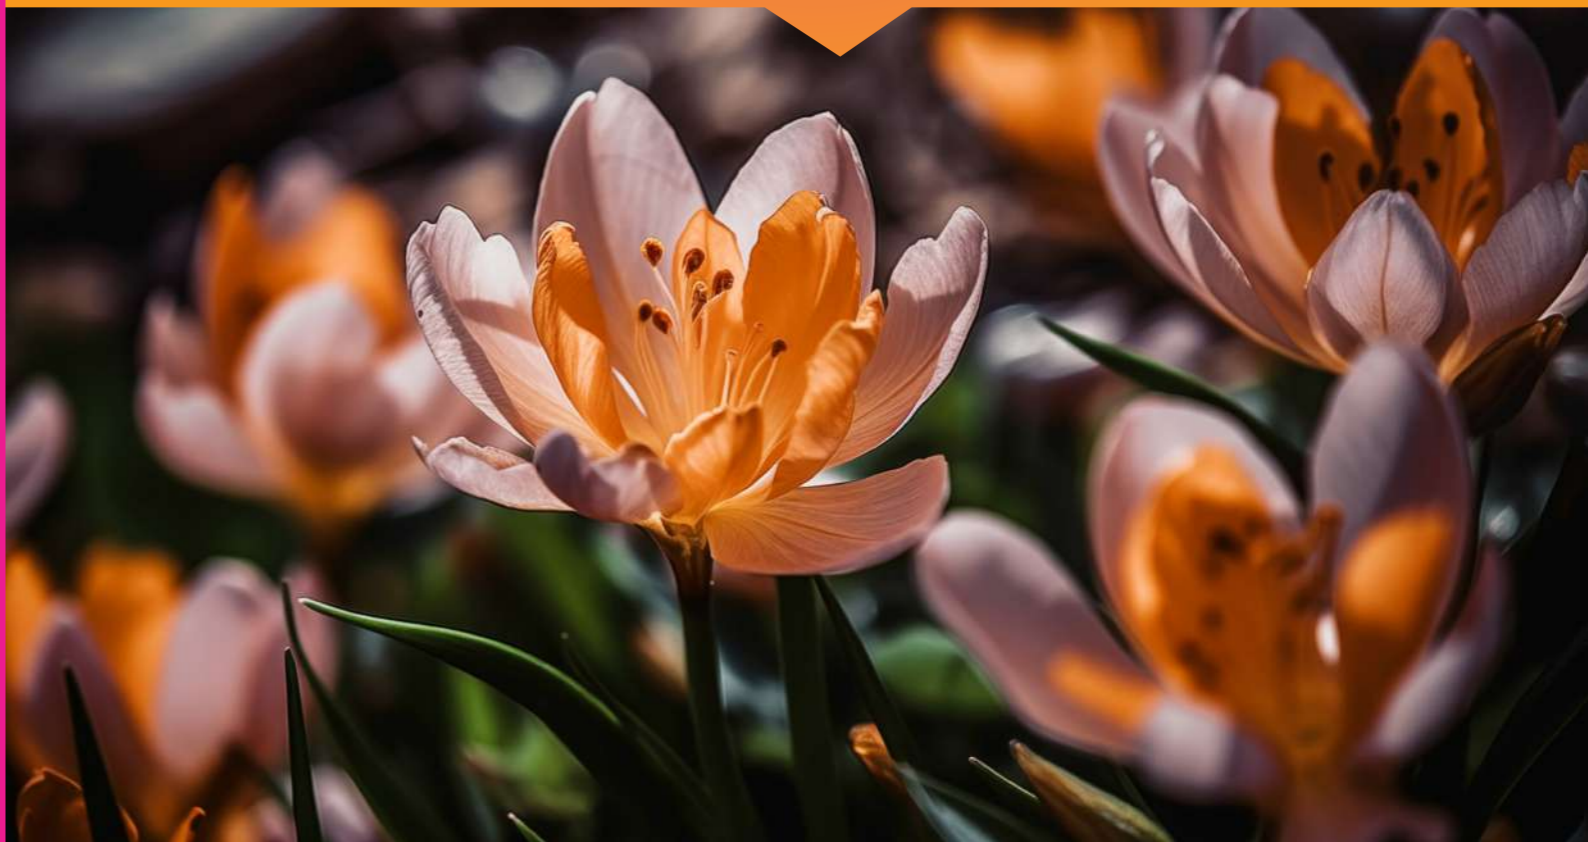

**It's scent!  
It's here.**

---

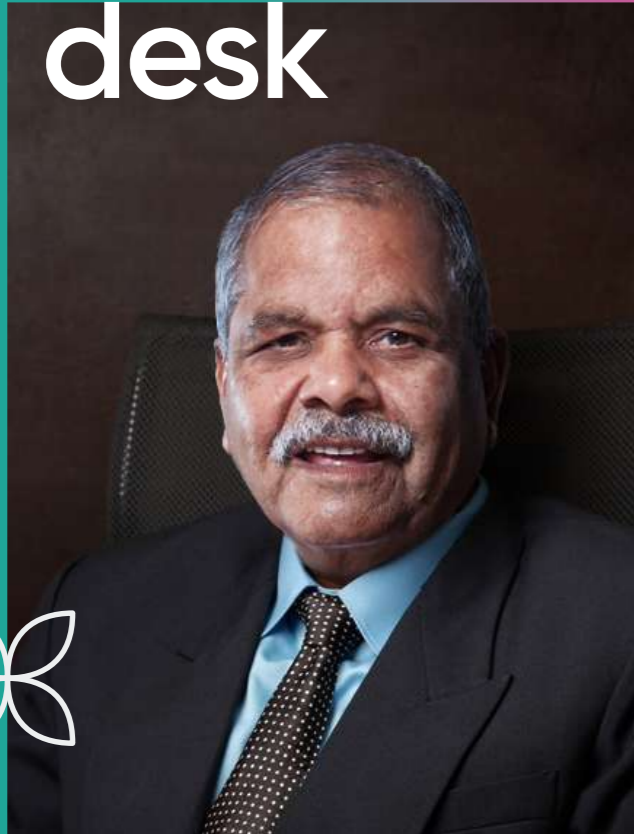

Step into a world where dreams ignite,  
Scents that linger, pure delight.  
Citrus winds, a golden flare,  
Whispers of sunlight, crisp and rare.  
Amber's glow, both bold and sweet,  
A fiery heart with an earthy beat.  
Sandalwood hums in forest's embrace,  
A timeless hymn, a sacred space.  
From earth's deep soul to your design,  
Each note a story, rich and fine.

of aromatic  
artistry &  
storytelling**

# From the chairman's desk

---

It has been 50 years since we started working on a dream to take on the market of chemicals. Today, the Marlecha name leads the industry in the standards we set, both in terms of our products and our professional service. We could not be happier with the way the story has gone.

To those who ask, "What next?", we say, "Sit back for the show." With the way the world moves into 2026 in the wake of the AI revolution, we expect the market to challenge us in ways we have never considered. We are sure we will rise to meet these challenges, with the whole-hearted support of you - our clients, colleagues, suppliers & well-wishers. Let's make the 'impossible' possible in 2026.

Warmest regards,

**SAMPATH RAJ MARLECHA**  
Chairman - Marlecha Group.

In 1974, a dream took root—a bold vision named MARLECHA. Under the pioneering leadership of the extraordinary Mr Sampath Raj, this venture began as more than a company; it became a testament to relentless ambition and purpose. Pouring his heart, time and resources into its growth, he built a foundation that embraced diversity across industries—Aromatics, Solvents, Rubber, Polymers, Pharma, Metal and Finance.

What truly defines Marlecha, however, is its people—an unparalleled force of passion and ingenuity.

Anchored in a culture of limitless potential, we thrive on breaking barriers and conquering challenges. At Marlecha, we don't just envision success; we embody it.
